ANNUAL REPORT

College of Physiotherapy is located at Viladghat near M.I.D.C. on Nagar – Manamad State Highway, 12 km away from Ahilyanagar bus stand and 20 km from Ahilyanagar Railway Station. The College has beautiful campus and the best infrastructure, which is an excellent expression of modern architecture. It is well connected by the road to Pune (120 km), Aurangabad (120 km) & Nashik (150 km).

DVVPF's College of Physiotherapy is one of the leading educational institutes of Dr. Vitthalrao Vikhe Patil Foundation Ahilyanagar. It was established on 1st July 2007 catering to undergraduate and postgraduate courses in Physiotherapy. The college campus is spread over an area of 42.37 acres of land. The institute is affiliated to Maharashtra University of Health Sciences Nashik and is approved under section 2(f) of the University Grants Commission (UGC) act, recognized by Government of Maharashtra, Maharashtra State Occupational and Physiotherapy Council, Indian Association of Physiotherapists. It has been accredited by NAAC grade "A' CGPA-3.02 in August 2021.

The curriculum of Physiotherapy course is governed by Maharashtra University of Health Sciences. The curriculum is devised in such a way that, the student after completing B.P.Th. course is efficient to function as a first contact Physiotherapist and also capable to pursue Post Graduate studies or become a research worker if he/she so desires. This is achieved by including in the curriculum, recent trends in Physiotherapy, participation of the students in community health programs to gain first-hand knowledge about community health problems and providing opportunity to do various health related projects.

The faculty members are efficient, experienced, properly trained and care for the students. All the faculty members appeared for staff selection Committee of University for being recognized as University teacher. This makes them eligible for university related works like paper setter, external examiner, committee member, moderator, etc.

The college has adopted student centric teaching-learning processes. It has well qualified, trained, experienced, motivated faculty and also well-developed active Physiotherapy Education Technology Unit. Use of modern teaching aids and tools like computers, audio-visuals, multi-Media, ICT, CAL, digital library with Internet facility both by the teachers and students is encouraged. Learner centric teaching methodology is adopted with emphasis on various methods of teaching like – seminars, bedside clinics, community based projects, video clips, mannequins and models.

Evaluation of the students is a transparent process and includes subjective as well as objective assessments. Formative assessment with regular examinations and feedback of the students' performance for their improvement is done. The College regularly organizes seminars for undergraduate and post Graduate students. The College has provided excellent platform for students and faculty to participate in research.

The institution has significant number of teachers qualified as research guides. Some senior faculties are invited at various conferences as a resource persons and experts. Research is enhanced by collaborations with university. University organizes yearly research activity "AVISHKAR" where students are encouraged to undertake various research projects under the guidance of faculty. Research work of faculty and students has resulted in national & international publications & some books.

The College is always involved in planning various extension activities in order to fulfill the basic goal of creating a 'first contact Physiotherapist' and awareness about social responsibilities in the students. Linkages are established at Deaf and Dumb School, Ahilyanagar, Panchayat Samiti, Rahuri, Leprosy Center, Primary Health Center at Jeur Biajabi, Walki, Mehekari, Dehere, Matoshree Geriatric Home, Vilad Ghat, Firodiya Geriatric Home, Nagar-Aurangabad Road, and Ahilyanagar. Apart from provision of comprehensive health care to the population in the local area, the institute regularly arranges free Physiotherapy camps and awareness campaigns regarding various health related issues.

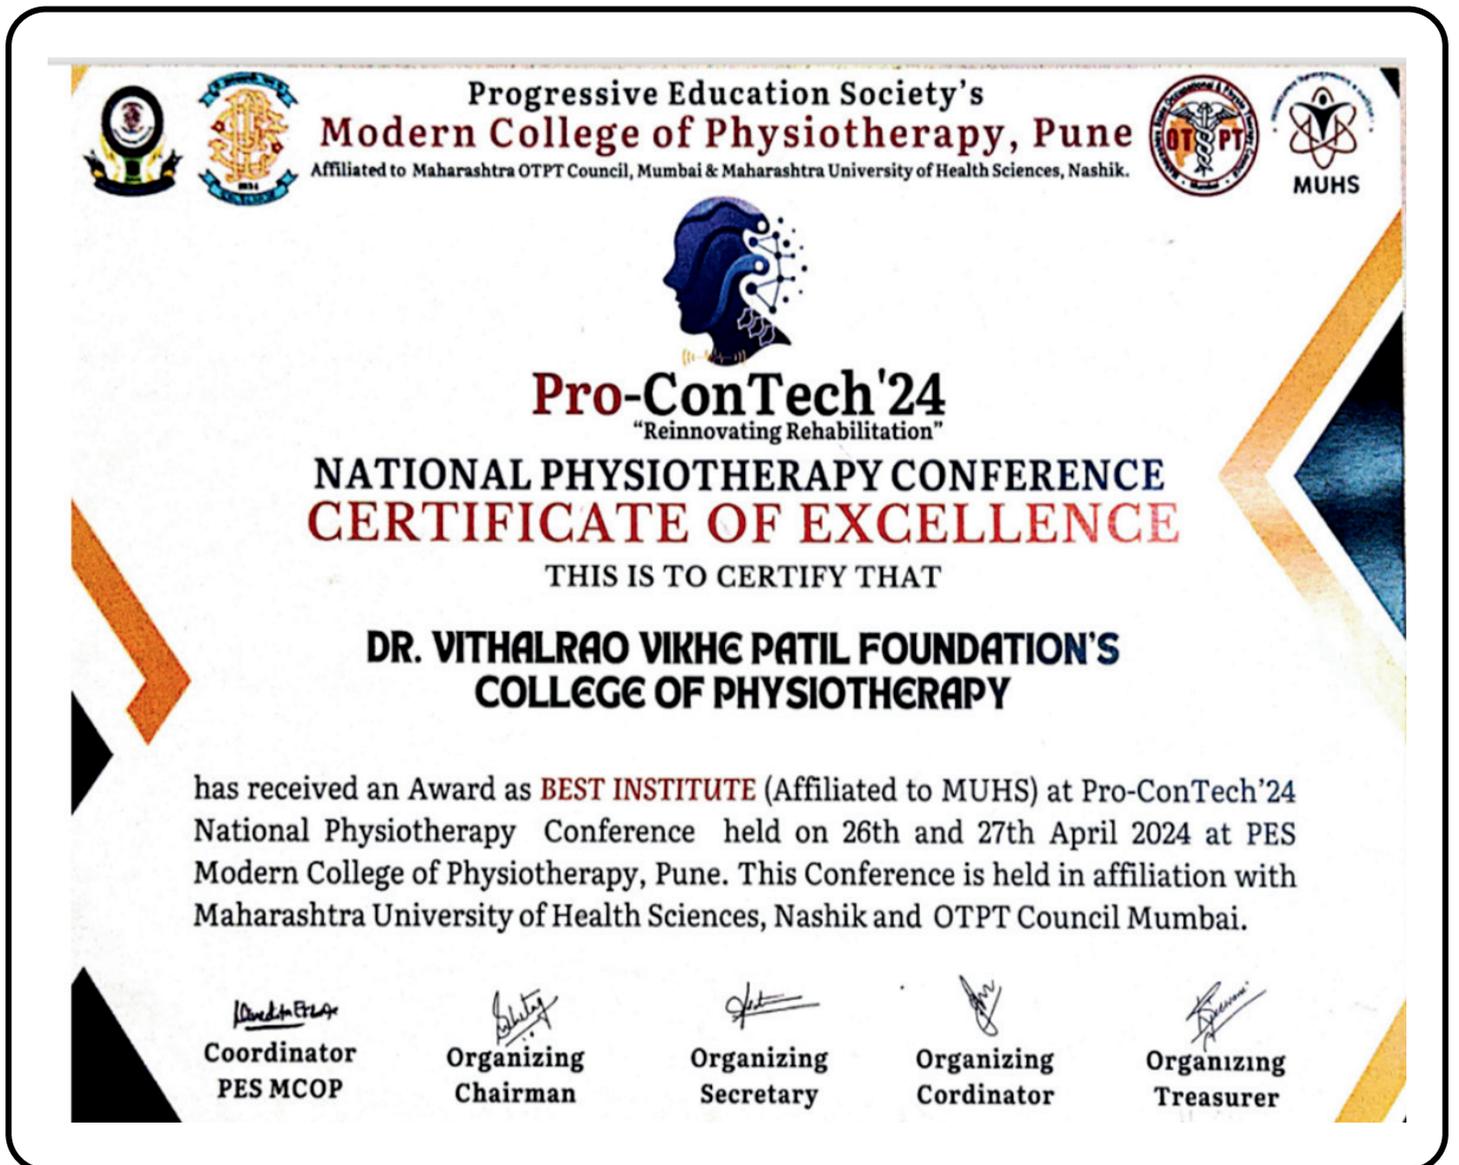

The students are admitted in our institute from various parts of Maharashtra. There are various student support systems in place due to which dropout rate is minimal. Nearly 90% of the students' progress to further studies or employment. The institution provides financial aid to the needy and deserving students in the form of earn & learn scheme, Book Bank Scheme & also sponsorship for co-curricular activities. Various schemes for student welfare run by the University are successfully implemented by the institute such as Savitribai Phule Scholarship for girl students, Earn & learn Scheme, Dhanvantari Vidyadhan Yojana, etc.

Various committees like Students Guidance unit, cultural committee, Grievance Redressal cell, Anti-ragging committee and the Anti-sexual harassment committee are good support systems for students. The institution prides itself in encouraging our students to participate in sports activities organized at institute level.

The Alumni Association of the college acts as a forum for interaction between the members of faculty and the ex – students. A separate magazine committee with students on the editorial board publishes an annual magazine called "STEPS" that provides a medium for all creative minds.

STUDENT COUNCIL COMMITTEE

A Student Council is a group of elected and volunteer students working together with an adult advisor within the framework of a constitution or bylaws to provide a means for student expression and assistance in school affairs and activities give opportunities for student experience in leadership and encourage student / faculty / community relations. The purpose of the student council is to give students an opportunity to develop leadership by organizing and carrying out school activities and service projects.

Institution has an active student council with representation as per the directions of the MUHS and 4 additional members in the forum of 2 fresh undergraduate students & 2 post graduate students. Student council's main function is to represent student's problem and suggestions to the institutional authorities in a structural way. It is formed every year in the month of August/September with Principal as a chairperson & 3rd year student as a secretary. Student members are selected as per the directions given by the university. The teaching staff is appointed on a rotation basis.

The council meets every month preferably in first week. Agenda is prepared in advance depending on the complaints received from students and other standard items.

On the day of first meeting introduction of all members is done by principal and secretary reads agenda points one by one on which discussion takes place. Remedial measures and other discussion points are noted down by record keepers and minutes are prepared by secretary after confirmation of the same by principal. The task assignment with compliance report is prepared. Which are then circulated among the students and members respectively?

It is the duty of secretary to prepare requisite notices regarding matter discussed during council meeting for information to all students. One-month time period is given for the action to be taken on various issues related to students discussed during the meeting and action taken report is prepared.

This is discussed during the next meeting along with fresh agenda points. Any member who remains absent without prior permission for two consecutive meeting is removed from the council. After the period of 1-year committee members are changed and secretary hands over the work file to the next secretary & the cycle goes on.

This year 2nd yr students have been assigned the responsibility of jotting down the points discussed in the meetings as it was observed that it is difficult for secretary to display the minutes of previous meetings, compliance discussion and taking down the points of current meeting as well.
