### **INSTITUTE GUIDELINES AS PER UGC DIRECTIONS**

- As per University Grants Commission every university shall lay down the norms in respect of classrooms, laboratories or library, sports and health facilities, hostel accommodation, canteen, ATM facilities and such other facilities.
- **All these facilities are provided by institute to the students.**
- The infrastructure of lecture halls are as per the guideline of affiliated university, normally have 60 students, the institution has accommodation for larger classes and makes suitable audio-visual arrangements for effective lecturing accompanied by seminars, presentation or other activities.
- Visit to Anam Prem SCI rehab center, PHC center, old age home, industry, sugar factory or disability schools are schedule by college for final year, Intern and for PG students.
- For practical, demonstration or industrial visit, the size of a group shall depend upon the size of the industry or hall; the facilities available including the possibility or otherwise of controlling and supervising a number of students simultaneously.

### ❖ **College & Hospital Learning Facilities:**

- Facilities and learning resources that provide a stimulating and enjoyable learning experience for students. Facilities are like – Well equipped laboratory, Radiodiagnosis dept. Cath lab, blood bank along with clinics like – Early detection unit, diabetes clinic, ANC – PNC clinic, Falls clinic, Knee OA Clinic, Chest Clinic, PFT facilities /Clinic, EMG-NCV facilities are also available in our hospital.
- Students are deputed or posted for particular clinic as per routine schedule; they aware the patients and give exercises or treatment to the patients in different clinic. ANC & PNC clinic students play PPT in front of ladies with the information and importance of ANC & PNC care and exercises & also improve the awareness.
- Students first get train to perform the test through posting and then allow them to perform PFT & EMG- NCV testing, kinesio taping techniques or different mobilization techniques & different Neuro approaches techniques under the supervision of trained staff. It helps to improve theoretical as well as practical knowledge.
- Students can present the cases on patients at bed side in hospital under the bed side teaching facility.
- Hospital also provided permission and vehicles to take the camps or survey or industrial visit to different locations; so students get the opportunity to develop their skills.
